**REGISTERED
STUDENT ORGANIZATION
FINANCE MANUAL**

INTRODUCTION

The Johns Hopkins University (JHU) Registered Student Organization (RSO) Finance Manual was prepared for you by the University Student Services. The manual was designed to provide resources to navigate the system, procedures, information, and guidelines to practice good financial stewardship over University/student organization funds. RSO financial stewards should review this document in detail and attend one of the two mandatory Financial Workshops scheduled every academic year. Remember, at least two RSO members must attend the finance training to obtain credit. The primary financial managers of RSOs are the Treasurer/Finance Officer, President, and Vice/Co-President. However, the main/first RSO finance point of contact is the Treasurer. As RSO finance stewards, you will work extensively with the respective departments' financial and technical staff to handle your group financial transactions. This includes developing budget and fundraising strategies, preparing travel, submitting purchase requests, organizing events, reimbursing expenses, processing payments, and providing any other assistance related to your organization's financial operations.

PURPOSE/SCOPE

The information contained in this manual is intended to assist RSOs and programming boards to understand the finance policies and procedures that guide receipt and spending of group funds. Groups must follow financial rules, regulations, and policies outlined by the University, the Dean of Student Life, and Dean of Academic Services, including the terms and conditions of other sponsors (both within and out of JHU). This financial guide aims to facilitate policy compliance with the University's financial policies. Please note that the manual includes information about the common procedures and transactions used by RSOs. Proper fiscal management is taken very seriously, and failure to maintain institutional policies could result in disciplinary action.

If you have any questions or need help regarding any aspect of your group's financial transactions or status, please contact your respective department finance or technical staff.

- Group constitution must contain clear financial responsibilities for the group financial stewards
- Attend all required Student Group training, including department-specific training
- Follow guidelines outlined by the funding allocation body (for example, Student Government Association (SGA)/Student Activities Commission (SAC), Civic Engagement Recognition & Allocations Commission (CERAC), Graduate Representative Organization (GRO), Athletics, Academic and University Departments, etc.
- Noncompliance/policy violation may lead to consequences such as losing privileges, probation, or suspension

Timelines, Deadlines, and approvals

JHU Fiscal Year: July 1st - June 30th

- Forms/transactions deadline must be completed within the required timeline of the transaction date ([see *processing Purchase/Reimbursement Requests Timelines section*](#)), or by the last day of final exams for that semester (whichever is sooner). These include purchase requests, reimbursements, (*and cashing of petty cash vouchers for sports clubs*)
- All RSO financial transactions must be processed on Hopkins Groups. The new platform allows transparency and accountability for groups to see what has been spent and available; workflows, clear group ledger, account balances, etc. *Please go to Feed, Hopkins Groups Training Videos*, on Hopkins Groups to access the video on how to navigate the new finance module
- Preapproval by the department is required for reimbursements. Unapproved purchases/events will not be reimbursed

BUDGETS AND FINANCIAL PROCESSES

Vendors and cash handling

- A RSO cannot maintain an external bank account unless the group is affiliated with a national organization that specifically requires them to do so
- The University cannot accept electronic donations from PayPal, VenMo, Kickstarter, or similar platforms. Groups are not also not permitted to use these platforms to raise funds or conduct group or University-related transactions
- Students are not authorized to sign contracts, pay cash to vendors, or provide cash prizes. Contact your Department staff/finance staff to obtain appropriate guidance

Budgets and Funding

Developing a budget for your group is a great way to help your organization appropriately and efficiently use funds. A budget can also serve as a detailed statement of the organization's estimated income and expenses. It's a tool to help RSOs plan and track organization funds and can be used to facilitate planning and tracking group funds.

- Budgets are required to request funding, submit and implement group financial activities
- SGA, Athletics, and CSC RSO budgets are available three (3) weeks before spring break (*The rest of RSOs are required to follow guidelines for your respective funding bodies, including RSOs that do not use Hopkins Groups*).
- New groups approved in a given academic year are eligible for annual funding the following academic year but can immediately apply for monthly grants
- Returning RSOs are required to reapply/re-register in the spring semester and can apply for monthly grants

⇒ *Unused allocated funds will be recalled at the end of each fiscal year*
⇒ *Inactive/deactivated group accounts can only be held for three years*
⇒ *Only student groups registered with Student Leadership and Involvement (SLI) can process financial transactions and use Student Groups' campus resources*

Tips for developing and managing a budget plan

- Know your budget and budget needs and plan to spend according to the event/activity. This includes JHU's internal professional services such as KitKats and security.
- Collect price quotes for significant expenditures such as independent contractors
- Rank events/activities and programs in order of priority
- Be sure to include some flexibility
- Keep an accurate log of all transactions/group ledger and discuss any inconsistencies with department staff/finance staff

BUDGETS AND FINANCIAL PROCESSES

- Reconcile group ledger with BW reports and the Hopkins Groups Accounting Book
- Share and discuss account balances with the group members
- Review the budget regularly and adjust as needed
- Be familiar with your group account number (Internal Order/Cost Center number). This information is required to facilitate certain transactions. *To access the group's account number on Hopkins Groups, go to the group page; Dashboard, then Settings and Payment section.*

Financial Requirements for Registration

- Clear group leadership and financial roles and responsibilities in the group roster
- Only registered groups can process financial transactions and utilize Student Groups' Campus resources

Failure to complete the entire re-registration process by the deadline may result in the suspension of your group

Purchases, Payments and Reimbursements

Purchases

The HopkinsSelect e-Marketplace provides an efficient and user-friendly process for ordering commonly required products. The system streamlines the procurement process, maximizes strategic supplier relationships, reduces acquisition costs, and increases customer satisfaction. Most of the suppliers provide the University with discounted prices, special value-added services, including ordering convenience, etc. The list of the University common vendors can be found [here](#).

The University also supports the engagement of Local, Small, Minority, Women-Owned, HUBZone, and Veteran-Owned Businesses/vendors. These actions are an appropriate extension of the University's fundamental policy of Equal Opportunity. The list of Local, Small, Minority, Women-Owned, HUBZone, and Veteran-Owned Businesses can be found [here](#).

The System enables department staff to purchase products directly on behalf of student organizations and charge group accounts. We believe that students should not have to incur a financial burden to participate fully in their organization and, therefore, should not pay out of pocket. All purchase requests should be submitted in Hopkins Groups (*except for RSOs that do not use Hopkins Groups – follow your respective department purchase processes*). Groups are required to plan in advance to purchase supplies and goods. Submission deadlines vary depending on the type of order. Taking a trip as a Hopkins Student Group can be an excellent opportunity to learn more and showcase your organization and the University. It can also be an opportunity to strengthen your organization through leadership development, service, and representing the University. However, it requires prior and exhaustive planning, adherence to Hopkins policies, and strong risk management to have a safe trip.

Available Transportation for Student Groups

The University's mandate is to deliver safe, responsible, efficient service with excellent outcomes focused on consistently providing a positive student experience.

The following policies have been implemented to reduce the risks associated with transportation during student group trips. This applies to JHU/CSC vans, car rentals, Lyft rides, personal vehicle, air travel and accommodation.

- On extended drives, agree on a communication and driving plan with your navigator

- Drivers should not drive between the hours of 12:00 midnight and 5:00 a.m.
- Drivers should not engage in any activity which will distract them from driving (such as changing radio stations, eating items that divert attention from the road, using GPS, looking at the map, cell phone use, communicate with other vehicles in the caravan, etc.)
- Music should never be at a volume that can be interpreted by anyone as too loud
- Vehicle lights should always be turned on when driving. Do not forget to turn them off!

LYFT RIDES

Lyft, a JHU vendor, provides several transportation packages for RSOs. Discuss with your department staff/finance staff to determine the most suitable package for your group, which will depend on the nature/frequency of your group's transport needs. With Lyft rides, there is a package available for every group.

The department will then contact Lyft to set up the appropriate account/package. With the Lyft business portal, it is possible to set up payment for direct billing, see ride history, and control access.

Lyft Ride Packages

Concierge:

- This is often used when passengers may not have the app available, and an administrator or authorized group member controls guest rides, with pickup & drop off information predetermined
- The group is directly billed for the specific charges

Credits:

- The group user account is set up for a predetermined dollar amount. This is great for users that need to have a recurring credit applied to their account. The account is restricted to specific trip locations and hours of the day. The account is intended for more frequent usage
- Any ride out of the agreed geographic location is billed to the individual.
- Monthly billing is based on actual usage, and no down payment is required

AutoPay:

- This is more applicable for office use but also used to support groups without any account, for groups that do not have established Lyft accounts
- Accounts are billed on a monthly basis

Codes:

- This is a great product if there is a group traveling to/from an event and you would like to cover the cost of that ride or a portion of that cost. These get distributed to users and can be entered into each traveler's app

Event Partial Codes:

- The quickest way to get a code for the same reasons as indicated above. Since they are not manually created, they have a much quicker turnaround.

FOOD AND CATERING

FOOD

The safety and wellbeing of the JHU community is of the utmost importance. To ensure the health and safety of all University community members and external participants, all food sold or distributed by the organization, that includes external participants must be provided by a licensed and insured vendor, and handled properly by members of the organization. This policy applies to all events, including food sales and distribution, as well as at formal events. [Please see policy requirements below on food permits, preparation, and handling.](#)

CATERING/VENDORS

Specific vendors have been contacted to specifically serve student groups' food/catering needs. The objective is to streamline the food/catering ordering process and save your organization money on respective orders. JHU has a corporate account with [Foodify](#), a virtual marketplace platform that provides RSOs with various local restaurants. It has the option of searching for restaurants based on the type of cuisine, price, and rating. No outlay of personal funds is necessary, payment is directly charged to the student group account.

FUNDING FROM THE DEAN OF ACADEMIC SERVICES

Each year, the Dean of Academic and Student Services provides funding to services that leverage student experience for lifelong success, such as the Center for Social Concern (CSC) to help fulfill the priorities of the Dean of Academic and Student Services and Homewood Student Affairs. Funding from the dean's office comes from the **Parents Fund** and other Hopkins funding sources.

The Center for Social Concern (CSC) is an office within the Homewood Student Affairs division of Johns Hopkins University that is dedicated to civic and community engagement. CSC emphasizes working alongside community partners within Baltimore City. The CSC's programs and efforts employ the components of education, action, and reflection.

CSC funds over 50 RSOs that provide direct service in partnership with community-based organizations across Baltimore City. These groups are entirely student-led, and the dedicated student leaders invest hundreds of hours annually to ensure continued operations and success of their respective civic and community engagement programming.

FUNDING SOURCES

Civic Engagement & Allocations Commissions (CERAC) Annual Allocations and Monthly Grants

CSC funding supports direct service initiatives in Baltimore City, and as such, the bulk of group funding should be spent on activities directly related to service with community partners. Expenses that are not related to direct service (or training/reflection to improve the quality of service) should be limited.

CSC Funding includes:

- CERAC Annual allocations
- CERAC monthly / supplemental grants

CERAC Annual Allocations

All RSOs are required to submit a budget proposal, budget narrative, and guiding document during the registration process

Eligibility

- CERAC approved student groups
- The organization has to be officially recognized by CSC by registering or re-registering with CSC during the spring and fall semesters
- The organization has to be registered on Hopkins Groups
- CSC minimum criteria
 - * 10 non-senior members
 - * Comprehensive guiding document
 - * Elected executive board
 - * One (1) community partner minimum

Funding Criteria

- Please provide as much detail as possible regarding your planned activities for the academic year and how you plan to spend your funding
- Annual budgets are submitted as part of the re-registration process
- Requests will be reviewed by the Civic Engagement Recognition and Allocations Commission (CERAC), who will determine the allocation based on all the materials submitted during the registration process
- The Commission will consider the thoroughness of the submitted budget, budget narrative, and academic year plans when awarding an Annual Allocation
 - * Alignment with the CSC mission
 - * Student volunteer and community partner engagement and impact

FUNDING SOURCES

- * Engagement of organization
- * Detailed and allowable budget request
- Allocations are announced in May of every year for the next academic year
- Budget requests should be submitted in this Excel format and with the following naming convention, or it will not be accepted: "**groupname.xlsx**."
- The most up to date budget form can be obtained [here](#)
- Unused allocated funds will be reclaimed at the end of the academic year and cannot be rolled over

Budget Information

- Although the Commission has limited funds to award, there is no cap on the yearly allocation amount a group may request. However, your budget narrative must include specific information regarding how costs were determined. Please consider your organization's "carrying capacity" and how much service you reasonably expect to do based on member interest and partner need. You should develop a budget that reflects all costs
- You are required to use the Budget Narrative Template and Document template, which can be found [here](#)

Post-Submission

- The Commission will review all of the appeals and allocation decisions are released in May, at which time the decision will stand. Details about this process will be included in the Annual Allocations announcement, or contact your advisor in case of any questions.

Additional Information

- Additional information, including frequently requested budget items can be found [here](#)
- Please contact Mr. Gerrod Williamson, volunteer@jhu.edu in case of any questions

CERAC Monthly/Supplemental Grants

Service Grant

The Service Grant is designed to provide supplemental funding for the student group's direct service activities. Funding may also be requested for one-time/special events with a community partner (e.g., a field trip), although the emphasis of this fund is the continuation of existing service projects.

Examples of requests include; transportation, supplies, groceries, entrance/admissions fees related to direct service activities, one time/special events with a community partner (e.g., a field trip) will be considered, but the emphasis of this fund is a continuation of existing service projects.

FUNDING SOURCES

- The Student Groups revised budget with the previous allocation provided
- Engagement and compliance of active student members
- How the funding will enable additional service to the community partner
- Allow more students to participate
- The cap for the supplemental grants is \$500

Professional Development Grant

The Professional Development Grant is designed to support students traveling to local, regional, or national conferences/training to represent their student organization. The professional development opportunity must occur with sufficient lead-time to allow enough time to help the student(s) make travel arrangements; six weeks is the suggested amount of time. The student group may apply for funding without assigning the travel to a specific member, but the travelers' names must be submitted to the CSC in advance of the travel.

Example of requests include; conference registration fees, hotels, meals (\$8 breakfast, \$12 lunch, \$15 dinner), travel/transportation.

The committee will consider:

- The student organization's revised budget with the previous allocation provided
- How the opportunity supports the goals of the student initiative
- How the information acquired will be shared with the membership and the wider campus community
- If the opportunity is cost-effective and allows as many persons to participate as possible
- Location of the opportunity, priority is given to regional opportunities (MD/DC/VA/PA)

Event Grant

The Event Grant supports fundraisers, educational/awareness programming, and other event-based activities that support the mission, vision, and values of the student organization and/or the community partner they serve.

Example of requests include; venue rental (including AV, security, and other venue related expenses), catering, materials/supplies, speaker honoraria.

The committee will consider:

- Impact of the event (how the impact of the event will be measured/assessed)
- The efficiency of the event (cost of the event relative to expected revenue generated)
- Collaborations with other campus organizations/co-sponsorship

FUNDING SOURCES

Annual Budget Information

- Requests will be reviewed by CERAC, who will determine the allocation to make based on all the materials submitted by the initiative

 - * All students traveling must also complete the mandatory CSC training

Application Timeline

- Applications can be submitted anytime.

FUNDING SOURCES

OTHER FUNDRAISING OPTIONS - RSO FUNDRAISERS, NON-JHU FUNDS

If your group is not eligible to receive funding allocations or looking for additional fundraising opportunities, there are several other ways to raise funds, for example, hold off-campus fundraising events such as bake sales or car wash, ticket sales, raffles, etc.

Soliciting from Local Businesses and External Organizations

Groups often reach out to local businesses and outside organizations for funding. All funds collected are considered charitable donations and will be processed through the Office of Development and Alumni Relations. [\(See additional guidance under the fundraising processes and procedures section\).](#)

BAKE SALES, CAR WASH, TICKET SALES, RAFFLES (OR OTHER TABLING FUNDRAISERS)

Bake sales are often effective fundraisers for a student organization. However, if you are hosting a bake sale or other tabling fundraisers, you are required to follow the Cash Handling Procedures for collecting and depositing cash. [\(See additional guidance under the fundraising processes and procedures section\).](#) Also see additional guidance under the food handling guidelines, [\(under the Food/Catering section, and the other financial policy guidelines sections\).](#)

The University follows all laws relating to gambling in the state of Maryland. In brief, ventures which involve the exchange of money, games of chance, or pools are not permitted without an appropriate permit.

If a student organization plans to conduct a raffle or gambling event where there will be an exchange of money or items of value, it must apply for a Gaming Permit.

Gaming permit applications must be submitted to: Permits Department, Baltimore City Police Department, 601 East Fayette Street, Baltimore, MD 21202. For questions, call 410-396-2130. Violation of this policy is considered a misdemeanor

Sponsorships and Gifts

Sponsorship to Student Groups means the receipt of in-kind money, goods, or services to a student group in support of one or more activities. However, Student Groups should operate under University policies. [\(See additional guidance under the fundraising processes and procedures section\).](#)

Fundraising for Other Organizations

If you would like to host a fundraiser for an outside organization, please work with your advisor/monitor/Category Coordinator, or staff member to make arrangements. [\(See additional guidance under the fundraising processes and procedures section\).](#)

FUNDING SOURCES

Crowdfunding

Crowdfunding is an internet-based fundraiser platform. It can be used as a fundraising mechanism to raise funds for the organization from the internet. The Student and Young Alumni Office works with student organizations to support your crowdfunding fundraiser needs. Organizations are required to provide specific information to facilitate the process, i.e., key campaign marketing goals, key target audiences, key messages, etc.

Event Registration and Sober Party Monitor Training

Please visit the Event Registration and Sober Party Monitor Training Information [page](#) to register off-campus events and parties

Social Event Registration Form

All RSOs are must register any off-campus events to facilitate a safe and healthy social environment

The purpose of this registration form is three-fold:

- To support students and student groups in responsibly hosting events off-campus and in the communities contiguous to the Johns Hopkins Homewood campus
- To educate students and student groups about the responsibilities of hosting events in off-campus venues and houses
- To mitigate disturbances to the surrounding communities by providing support to students and student groups before and during their events

Sober Party Monitors

Students that want to serve as a Sober Party Monitor must go through TIPS training. Student leaders requested that this be a requirement for any student organization hosting off-campus parties with alcohol. TIPS sessions are a chance for students to talk with other student leaders and learn skills regarding:

- The goals of hosting events with alcohol
- The roles and responsibilities of the Sober Party Monitor
- The risks associated with alcohol and other drug use
- How to promote safe social behaviors
- Resources and support for your group
- How to address potentially dangerous and questionable behavior among your guests, including over-consumption of alcohol and situations potentially involving sexual assault and safe ways to intervene

Students who wish to become certified Sober Party Monitors should sign up well in advance of a planned event, as trainings are not guaranteed to run even if the event is close to the training date. Each session has a participant seating limit

First-year students are not allowed to attend the training or serve as Sober Party Monitors

EVENTS

- You only need to complete TIPS training once during your time at Hopkins. Registration is required. Registration will close if the capacity is reached, after which you will be placed on a waiting list or asked to select another session. The session may be canceled if fewer than five people signed up
- Once you have registered, please plan to arrive at the training on time. If you arrive after the training starts, you will have to attend another session to be certified and receive your t-shirt
- CHEW does not offer private trainings. If your organization is interested in hosting a private training, CHEW can connect you with trainers. Please note that there is a fee to host a private training, for which your organization will be responsible
- If you are unable to attend a session you have registered for, please contact CHEW immediately at chew.jhu@gmail.com or call 410-516-8396

EVENTS

Other Event Policy Requirements

Please see the [Other Financial Policy Guidelines](#) section for information on security, Electricity, Custodial and Ground services; tables, chairs and linen services, and other general policy requirements related to events.

Entry to Events

Entry to an event through an unauthorized entrance will result in removal from the venue and building

Groups are responsible for ensuring that entrances are not blocked during their events so that patrons can evacuate immediately in the event of an emergency.

Open Flames & Fire Safety

Baltimore City law prohibits open flames in all public indoor spaces, including residence halls. Open flames should not be used during events or ceremonies. Outside observances, such as vigils, religious ceremonies, or initiation activities that involve open flames, must be approved by the Levering Student Life Office when space is reserved.

Please see information on event spaces under the appendix section of this document

OTHER FINANCIAL POLICY GUIDELINES

Branding Guidelines and the Use of University Name and Iconography

The use of the University name and iconography by student organizations is governed by the Homewood Student Affairs Branding Guidelines, which can be found [here](#), and JHU's Office of Communication. Student organizations that use "Johns Hopkins University," "Hopkins," or "JHU" in their name or incorporate JHU iconography in their logo are required to comply with the HSA Branding Guidelines. See [commonly asked questions](#) or contact your respective department staff/finance staff for assistance.

Film Screening Policy

Obtaining film rights is mandatory. Under the Federal Copyright Act (Title 17 of the U.S. Code), no movies or films can be shown in public spaces, including residence hall lounges, without first obtaining film rights. Neither the rental nor movie purchase carries with it the right to show the movie outside the home. It is illegal to stream movies from movie/TV subscription services such as Netflix or Hulu in any public space on campus. Students, staff, faculty members, and student organizations are required to first obtain copyright permission from a film distribution company. This legal requirement applies regardless of whether an admission fee is charged, whether the institution or organization is commercial or non-profit, or whether a federal or state agency is involved.

There are several exceptions to this law

1. Home viewing: A student may show a lawfully obtained (rented or purchased from a video store) video to family members or a small group of friends in his/her own dorm room/apartment/house
2. Faculty members may show a film for educational purposes if: a) it is during face-to-face teaching activities, or b) it is shown in a classroom or similar place devoted to instruction. The audience is limited, so that only persons enrolled in or teaching the class (and necessary staff) may attend. In addition, there should be an educational component, such as a discussion or panel after the film

Below are two ways through which you may obtain copyright permission

1. Purchase a license from a Motion Picture Distributor. The Office of Student Activities uses Swank Motion Pictures, Inc., which can be reached at <https://www.swank.com/> or 1-800-876-5577. Fees can range from \$371 to \$871 and are determined by such factors as the number of times a particular movie will be shown, how old the film is, and so forth
2. Contact the producer, copyright holder, or film distributor (usually a movie company like Warner Bros). They can provide you with a written waiver to the copyright allowing you to show the movie or film. After obtaining the permission mentioned above, you **must** bring a copy of your rental agreement or other licensing documentation to your department contact staff before your screening; or you may have the licensing company send this documentation directly to your respective department director/associate director

OTHER FINANCIAL POLICY GUIDELINES

“Willful” infringement of the Federal Copyright Act is a federal crime carrying a maximum sentence of up to five years in jail and/or a \$250,000 fine. If you are uncertain about your responsibilities under the copyright law, contact the Office of Student Activities for more information.

Food and Clothing Drives

If an organization is hosting a food drive, clothing drive, etc. that will require boxes being on display, the group must arrange to drop off locations in advance. Student organizations must obtain approval from the appropriate office to place collection boxes. To place donation boxes in residence halls, students should contact the Housing Office at 410-516-7960.

Preparing Food at Fundraisers

It is the responsibility of the organization to ensure that safe food handling practices are followed. If food is to be served at the event, Student Groups are responsible for ensuring that the food served to the group or public has been handled with utmost care and caution. Candy, whole fruit, prepackaged items, popcorn, and baked goods (cannot have cream, meringue, custard, or cream cheese) are examples of nonhazardous foods that can be sold to the public. Visit the [Baltimore City Health Department Bureau of Environmental Health](#) for more information. *Please see additional guidance under the food handling guidelines, under the Food/Catering section.*

Group Misconduct

Actions of recognized student organizations are subject to review. Student groups are held to the same standard of conduct as individual students. The Student Conduct Code outlines basic expectations for the behavior of Johns Hopkins students. The fundamental purpose of the University's regulation of student conduct is to promote and protect the health, safety, welfare, property, and rights of all members of the University community and promote the orderly operation of the University, and to safeguard its property and facilities. Failure to abide by University policies may result in organizational disciplinary action. Disciplinary action(s) may range from a documented reprimand through and including revocation of privileges and/or recognition.

Actions of student organizations affiliated with respective funding bodies are subject to review and disciplinary proceedings as outlined by those entities. Department leadership and/or the Student Conduct Board may make determinations of disciplinary actions against student groups. Appeals are referred to the respective Dean and Associate Deans/Executive Directors.

Actions of an organization's individuals may be referred to the respective Dean for further action, as described in the University Conduct Code. Noncompliance/policy violation may lead to consequences such as losing privileges, probation, or suspension. For clarification on the Code Conduct policies, contact your respective department advisor/staff.

Guest(s) Policy

OTHER FINANCIAL POLICY GUIDELINES

Student organizations are responsible for informing their guests of all University policies and are accountable for their guests' actions. If a problem arises, the organization may risk losing their ability to reserve space in the future and may be subject to disciplinary action by the University.

Off-Campus Trips/Risk Management Waivers

If your organization is hosting an off-campus trip or an event that could be considered "risky," that may, for example, include personal injury, weather-related risks, misuse of equipment, recreational activities, illness or harm from food and or beverage consumption, transportation/trips, sports competitions, etc., the group is required to have all participants complete a waiver form. These waivers may protect your organization and members from being held liable in the event of injury or misconduct.

The RSOs responsibility is to contact your respective department staff to develop a release of liability waiver form for group events and/or activities.

Solicitation

Johns Hopkins University is a private campus and reserves the right to determine who may or may not solicit on campus. Solicitation may be defined as anything from selling a product to distributing information to recruitment activities of any kind. Solicitation without express permission may result in trespass violations or further penalties. Solicitation of any kind is prohibited in residence halls and University-owned apartments. Student organizations should reserve tables in advance through the Department of Student Life if they plan to fundraise or recruit on campus.

Commercial use of University Resources

The use of University resources, such as but not limited to e-mail, list serves, newsgroups, websites, or the Internet to advertise or solicit sales, is strictly prohibited. Any commercial use of the University's systems (through an office, RESNET, or JHU-Connect network connection, or stored on an e-mail account) resulting in a financial gain to yourself or someone else is a violation of this policy.

Use of JHU Tax Exemption Certificate for Business Purposes

JHU is a tax-exempt institution. The University will not reimburse students for sales tax. Use the JHU Maryland sales tax exemption certificate to the vendor in-store or online purchases (for out of pocket purchase preapproved transactions). It is illegal to use the certificate for personal use. The JHU Maryland tax exemption certificate can be found [here](#).

OTHER FINANCIAL POLICY GUIDELINES

JHU Professional Services/Facilities for Events

Most RSO events take place within the University. Facilities requests should include room set-ups, furniture, security, audio/or visual (A/V) needs, etc. These requests should be included in the event request on Hopkins Groups.

Security

When you register your event on Hopkins Groups, your department staff and/or JHU security have the right to require commissioned officers for any event, at the expense of the RSO, if they feel the event may pose a liability or security risk to Johns Hopkins students, faculty, staff, guests, or property. The number of officers needed is decided on an event-by-event basis. The decision for requiring additional JHU officers may include but is not limited to projected attendance, type of speaker/performer, mode of advertisement, and contractual obligations designated for the event.

The following list provides examples of situations when security may be required for an event:

- Involving alcohol (*if approved*)
- Open to non-JHU college students
- Open to the general public
- Involving cash transactions
- With no clear boundary between audience and performers (e.g., dance party, concert), and/or

With a precedence or potential of liability or security risks to Johns Hopkins students, faculty, staff, or property.

Security Charges

- JHU Officer: \$40 per hour
- Baltimore City Police: \$50 per hour

When RSOs register events on Hopkins Groups, the form will notify you if you need security for your event and automatically forward the request to your department staff. All security arrangements must be completed 10 business days before the event. Cancellations must be made at least 72 hours prior to the event. Any cancellation fees incurred will be charged to the requesting student group's budget.

Electricity, Custodial Services, and Grounds charges can be obtained under Plant Operations [here](#). The charges are subject to change annually.
